

## Teach Your Way

### BenQ Training Options

Course	Description
Orientation Training	A 60-minute orientation on your BenQ Board. This is normally offered online and will give you all the information you need to begin using our BenQ Board.
Management System Training	A 60-minute online course designed for the Tech Team. This course covers the back-end management systems – DMS/IAM/AMS/Broadcast and will take you through the steps to establish your organization’s account, load your faculty/staff into the system, edit their account information, as well as how to use the Broadcast system to send messages/content to your BenQ Boards.
Half-Day Professional Development	A 3-hour, on-site, hands-on course designed to give your BenQ users a deeper understanding of the uses of their interactive display. This is often bundled into a full-day session, with one group in a morning session and another group in an afternoon session.
Full Day Professional Development	Either two Half-Day sessions back-to-back (see above), or a single session with one group. If a single session with one group, it will be customized to the needs of the group.
Train the Trainer	A 2-day, 12-hour course, designed for Tech Teams, Educational Coaches, etc., within the organization who are responsible for training the faculty/staff. This will be a hands-on, deep dive into the BenQ Board and provide troubleshooting steps as well as other content that will be helpful in training users of BenQ Boards.
Certified BenQ Educator™	A 2-day, 12-hour, hands-on course designed for teachers who want to take their BenQ skills a step further.
Certified BenQ Trainer™	A 3-day, 18-hour, hands-on course designed for educators to become Certified BenQ Trainers™.

\*All BenQ training is customized to the needs of the district. While we have standard curriculum, pretraining conversations are key to making sure the district receives training on the aspects of their BenQ Boards that they feel are most important.
