Share button

Status LED

Full-screen button

LED Behavior	Status
Solid white	• The button is initializing.
Blinking green	• The button is connecting to the BenQ Board.
Solid green	• When pairing: The button is ready for setup. • When sharing: The button is ready for sharing.
Solid blue	• When pairing: The button setup is complete. • When sharing: The button is sharing your screen.
Blinking red	An error has occurred. Check the following: • The InstaShare Button mode is enabled on the board. • The button is correctly paired with the board • The button is within 15m (49ft) of the board.

How to pair

Before you can use the InstaShare Button, you must first enable the InstaShare Button mode on your BenQ Board and then pair the button with the board.

1 Enabling InstaShare Button mode

1. On the BenQ Board, tap ⊞ > **BenQ App Store**.

2. Download and install the InstaShare Button app.

3. Tap ⚙ > **Device** > **Advanced Settings**.

4. Enable **InstaShare Button**.

5. Tap **Restart**.

2 Pairing an InstaShare Button

1. On the BenQ Board, tap ⬆ > **InstaShare Button**.

2. Connect the InstaShare Button to your BenQ Board's front USB-C port.

> 🔲 **Note:**
> If a new firmware version is available, you will receive a notification. Follow the steps on screen to update the firmware.

3. Wait for the dialog box to appear then tap **OK**.

4. Enter a button name then tap **OK** > **Close**.

5. Remove the button from the board.

How to share

The InstaShare Button works with the following devices with full-functioned USB-C ports:

💻 *Chromebooks* │ *Windows laptops* │ *MacBooks*

Sharing your screen

1. On the BenQ Board, tap ⬆ > **InstaShare Button**.

2. Connect the InstaShare Button to your device's USB-C port.

3. Wait for the LED to turn solid green then press the share button.

> 💡 **Tip**:
> Press ⬅▯➡ on the side of the InstaShare Button to toggle between the full-screen and split-screen modes.

Scan the QR code to watch the **how-to video** and see the list of compatible BenQ Board models.
