To use InstaShare:

- 1. Make sure your mobile device (such as smartphone or tablet) and the display are connected to the same network.
- 2. Press the connection guide and scan the QR code to download and install the **InstaShare** app on your mobile device.
- 3. Open the **InstaShare** app on your mobile device, and then click the **InstaShare** ID name that you want to connect to or enter the pairing code.
- 4. Enter the connect code shown on the upper right corner of the display or you can also find the connection code in **Setting** (1).
- 5. Once the mobile device has successfully connected to the display, a confirmation message will appear on the display. Tap **Allow** on the display to confirm the connection.
- 6. Once connected you can:
 - Mirror the display's screen on your mobile device by tapping **Screen Mirroring** on your mobile device.
 - Mirror the device's screen on the display by tapping _____ on your mobile device.
 - Operate the display by using your mobile device as a remote control.

Once connected, any operations on the display or mobile device will also show up on your mobile device and display.

You can also tap **Setting** (⁽¹⁾/₍₂₎) in the lower right corner of the display to modify the settings for **InstaShare**, such as the **InstaShare** ID name, connect code, or mirroring confirmation message.
