

# InstaShow® Wireless Conferencing Solution

**Wireless, intuitive, and secure collaboration for professional and hybrid meetings**

### Plug-and-play

Simply plug in the InstaShow® button to your device and share your screen with just one click.

### Data Security

AES 128-bit encryption and WPA2 authentication protocol ensure that sensitive data remain protected and confidential.

ONLY ON VS20

### BYOM

Fully support BYOM, allowing you to connect your Windows device to the meeting room cameras using your preferred video conferencing system.

ONLY ON VS20

### Button Built-in Microphone

The VS20 solution boasts a unique built-in microphone button, which brings an exceptional audio quality to your video conferences.

ONLY ON VS20

### Dual Interface

With the switchable dual interface, you can easily switch between USB Type-C or HDMI connectivity.
